

IDS 2016

20th International Drying Symposium

August 7-10, 2016, **Gifu**, Japan

Call for Papers

The 20th International Drying Symposium will take place from 7th August to the 10th August 2016 at the Nagaragawa (Nagara River) Convention Centre in Gifu city, Japan. The objectives of the 20th IDS, is to provide the most advanced and comprehensive global forum for disseminating useful information in drying sciences and technologies. Participants are invited to submit original research papers in their area of specialization but not limited to the listed topics. Oral and poster presentations will be arranged according to the preference of authors. Participants from company are warmly welcome to newly planned industry session (poster and short-presentation). An exposition of industrial equipment and technical tour are also planned during this meeting. Award program will be also a part of this important event for the world drying community. Selected papers will be published in major technical journal.

For information see: <http://www.IDS2016.org/>.

Topics

- Fundamentals, modeling and simulation
- Physical properties and product quality
- Industrial processes and equipment
- Measurement and process control
- Energy and environmental issues
- Drying of chemicals and polymers
- Drying and dewatering of biological and pharmaceutical materials
- Drying and dewatering of wood, pulp and paper, forest products
- Novel drying and dewatering technologies, R&D opportunities
- Osmotic dehydration and drying
- Drying of gases and liquids
- Drying and dewatering of powdered solids
- Drying in biomass energy applications
- Drying of foods and agricultural materials
